

Learning Machine is here to help you succeed in every aspect of life where we can make a difference: we pride ourselves on our approach to training, development and learning solutions.

Tell us about your training requirements or what you want to achieve and we will provide you with an obligation-free proposal along with the costs.

The need for training is more important than it ever was, but today's organisations want more from training:

- Courses tailored to the needs of the learner and organisation
- Simple training procurement and administration

The Company

A skilled and highly trained workforce is a valuable asset of any successful business. Whether you're looking to recruit or develop the skills of your employees, Learning Machine can help with your requirements.

The Individual

If you are already in employment and want to improve your skills, are a school leaver or unemployed and looking to begin your career, Learning Machine can provide personal development training or specific courses geared to your requirements.

The Courses

Here is a selection of the kind of training we commonly and frequently run. Pick from the list or call us to arrange a more bespoke course or training programme.

- *Door Supervision / Security Guarding*
A Security Industry Authority (SIA) approved qualification that enables a person to gain an SIA licence, to work in licensed premises (pubs and clubs) and/or as a security officer for general guarding services.

- **APR™** *Arrest and Plastic Restraint*
Certified by "Skills for Security", our new Government-supported sector skills body, this 10-hour course has been specifically designed for anyone within the private security industry who may have to affect an arrest during the course of their duties.

- *Conflict Resolution and Personal Safety*
Developed to help organisations protect their staff as well as their organisational and operational effectiveness.

- *Health and Safety in the Workplace*
An excellent introduction to health and safety in the workplace, also suitable for workers with English as their second language.

- *First Aid at Work (FAW)*
Approved by the Health and Safety Executive (HSE), the training complies with the 1981 Regulations and Approved Code of Practice (ACOP) for workplace first aiders.

Enquiry Form

I would like to enquire about training courses.
